

**Kehlnahtschleifer**  
**Fillet weld grinder**  
**Meuleuse pour soudures d'angle**

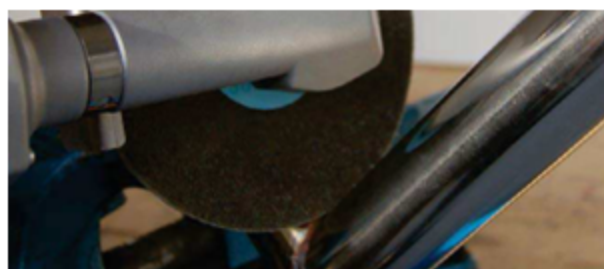

## UKC 3-R

- Digital electronics with soft-start
- Specially developed for metal construction
- Overload protection and speed stabilisation
- Variable speed selector from 1 400 to 3 200 min<sup>-1</sup>
- Warning light when carbon brushes are worn: LED (at the back of the black case) lights up as soon as the carbon brushes need changing.

### Applications

Special grinder for processing difficult-to-access fillet welds.
